

**At Miroculus our mission is to advance science  
and improve lives, faster, together.**

## **Field Applications Scientist (East Coast)**

Miroculus is looking for an experienced Field Applications Scientist with a strong background in Next Generation Sequencing (NGS) technical expertise to help us support customers using our novel digital microfluidics platform.

### **About Miroculus**

Miroculus uses proprietary digital microfluidics technology to automate and miniaturize the most complex genomic protocols such as NGS library prep, synthetic biology, cell editing, and combinatorial chemistry, in a compact, user-friendly system. Our vision is to make the most complex protocols easy and accessible to scientists everywhere.

### **Position Summary:**

- Develop and maintain relationships with researchers across academia, industry, and government, serving as the primary point of contact for pre- and post-sales support of Miroculus digital microfluidics technology.
- Provide technical expertise to customers via phone, email, or travel to customer sites.
- Relay voice of customer and market trends back to the Miroculus development and product marketing teams.
- Assist in the generation of application data and presentation of that data at customer sites, tradeshow, and conferences.

*(Position Summary Continued)*

- Assess customer requirements for novel applications and assist in prioritization of customer projects.
- Work with customers to troubleshoot and optimize validated applications.
- This position reports to the Manager for Customer Service and Support.

### **Requirements:**

- MS in Biological Sciences
- Minimum 3 years experience in NGS-related customer support
- Expertise in DNA/RNA sequencing
- Excellent communication and presentation skills
- Ability to travel at least 50% of your time
- Ability to work within a cross-functional team, including Marketing, Sales, and R&D

### **Strong plus:**

- PhD in Biological Sciences
- Experience with NGS bioinformatic analysis
- Previous NGS FAS experience

**Location:** Remote

Applicants should send a cover letter and resume to [jobs@miroculus.com](mailto:jobs@miroculus.com)

Miroculus believes that diversity is a competitive advantage, that everyone has the ability to make an impact, and we are proud to be an equal opportunity employer committed to providing employment opportunity regardless of sex, race, creed, color, gender identity or expression, religion, marital status, domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition, body size or shape, sexual orientation, pregnancy, military or veteran status, citizenship status, and genetic information.
